Gone Fishin Ride to Walden

August 6-8

You won't need the world's largest fly rod – on display in Houston British Columbia - to have fun in Walden.

Just bring your regular size pole with an appetite for fishin and adventure. The riding is grand in North Park – whether you like scenic paved roads or high altitude off road riding. North Park contains some of the best fisheries in the state, from Delaney Butte Lakes to the North Platte River. If you can't join us on Friday morning, then meet the group on Saturday and ride back over Cameron Pass on Sunday morning the 8th of August.
